Harmonization of standards is an essential requirement towards greater economic integration in the Community. Standards Technical Management Committee (STMC) - EAC QUALITY - 1. Introduction. Reducing risks to food security from climate change is one of the major challenges of the 21st century. The impacts of climate change on crop yield can already be detected in observed data (Lobell et al., 2011).Climate impact studies on crops

predominate, but impacts on fisheries and livestock production are no less serious (Creighton et al., 2015, Herrero et al., 2015). Reducing risks to food security from climate change ... -
